

## HIBETA ORGANIC GRACIANO D.O. MANCHUELA

A humble grape with huge potential due to its strength and character. Graciano is a full-bodied red grape grown in our fields. The region's limestone soil and climate, together with dry farming, gives this wine its unique flavour.

- Visual phase, “The Appearance”: aging in oak barrels strengthens its cherry red color.
- Aroma phase, “The Nose”: red ripe fruit with floral and toasty notes.
- Tasting phase, “The Palate”: adding to its toasty and pure ripe fruit aroma, the wine has a smooth and silky finish that linger in mouth.
